

## ATTENTION–READ ME FIRST!

Dear Christian Friends,

In this folder I think you will find several useful things:

1. **TIMELINE HIGHWAY.** These pages are for your students' booklets and also for enlarging (like at Kinko's) to make a **BIBLE TIMELINE HIGHWAY** in the back of your room if you wish. The **Timeline Highway 1a, 2a** and **3a** are for enlarging. The way I did it in my classroom, is I enlarge each of these 400 %, laminated them, then bordered each one with a very bright rainbow bordette that I found.
2. **TIMELINE PEOPLE.** There are cards included with people from each of the Timeline units that you can run off on colored card stock and attach to your **BIBLE TIMELINE HIGHWAY**. This way, the children can see at a glance where each of the Biblical characters belongs on the Timeline.
3. **WALL DÉCOR.** The wall décor pages that are included may be useful to you as you construct your **BIBLE TIMELINE HIGHWAY** in your classroom. I actually used these pictures on the wall right outside our classroom for a hallway bulletin board.

Again, if I can be of any assistance to you, please do not hesitate to contact me.
